## Subject index

- Abdominal pain
  - And *Helicobacter pylori* 598
- Accidents
  - From high chair 1161
- Acta Paediatrica
  - Views on impact factor 793
- Acute phase proteins
  - In acute diarrhoea 259
- Adolescence
  - Gender differences of healthy behaviour 1125
  - Health and behaviour during social change 1380
  - Health behaviour 923
  - Intentions regarding healthy behaviour and outcome in adolescence 983
  - Screening for iron deficiency 815
- Adrenal 21-hydroxylase deficiency
  - Mutations in Brazilian families 275
- Air transport
  - Of sick newborn infants 66
- Albuterol
  - Effect in cough 465
- Alcohol during pregnancy
  - Affects DHA status 757
- Allergy
  - Effect of dietary avoidance during lactation 7
  - Of partially hydrolyzed infant formula 394
- Alpha-1-antitrypsin deficiency
  - Parents view on neonatal screening 315
- Alpha-ketoadipic aciduria
  - Detected by neonatal urine screening 911
- Amyplasia congenita
  - And intestinal atresia 1405
- Anemia
  - Iron status and cow's milk intake 1312
  - Screening for iron deficiency in adolescents 815
- Antenatal diagnosis
  - Of congenital lung abnormalities 454
- Anthropometry
  - In dieting girls 537
- Antiregurgitation formula
  - Bean gum and serum cholesterol level 102
- Apoptosis
  - Effect of NO in pulmonary apoptosis 1147
- Asthma
  - And respiratory infections in school children 1373
  - Bacterial flora at lower respiratory tract 1216
  - Efficacy of nebulized budesonide and prednisolone 835
  - Histamine provocation and oxygenation 545
  - Nebulized budesonide versus oral steroid 841
- Prognostic characteristics 827
  - Prophylactic treatment with inhaled corticosteroid 42
  - Short course of betamethasone and inhaled budesonide 48
  - Social adversity, migration and hospital admissions 1107
- Astrovirus
  - Gastroenteritis during rotavirus vaccine trial 532
- Atherogenic diet
  - Blood lipid profile 19
- Atopic disease
  - Do infections protect? 705
  - Infections and risk 710
  - Role of nucleotides and polyamine levels in maternal milk 1338
- Attention deficit hyperactive disorder
  - Gordon diagnostic system 1262
  - Response to methylphenidate in boys 298
  - Transmission with primary enuresis 1315, 1364
- Bartonella henselae*
  - Antibody response in cat scratch disease 284
- Behaviour problems
  - Child health service's response 1094
- Bile acids
  - Urine profile in intrahepatic cholestasis 1078
- Biogenic amines
  - Age and CSF levels 1344
- Blood pressure
  - Measurement in VLBW infants 1044
  - Oscillometric measurement in VLBW infants 1044
- Body composition
  - In dieting girls 537
- Bone marrow transplantation
  - Myocardial function 186
- Bone minerals
  - Acquisition in girl gymnasts 803
  - Density in phenylketonuria 1348
- Breastfeeding
  - And smoking 1412
  - Development of behaviour and outcome in preterm infants 1194
  - Developmental milestones at 8 months 1327
  - Dietary avoidance during lactation and allergy at 10 y of age 7
  - Effect on development of LBW term infants 1101
  - Employment of the mother 1311
  - Exclusively breastfed infants, pattern 203
  - Factors associated with duration 411, 416, 1320
  - Fortification and growth velocity in VLBW infants 1056
  - Factors influencing duration 1320
  - In developing countries 703
  - Maternal predictors of milk output 493
  - NO-generation in the stomach 1053
  - Promotion through health education 74
  - PUFAs in milk from Chinese women 115
  - Role of nucleotides and polyamine levels for atopy 1313, 1338
  - Thoughts about rates 356
- Breathing
  - Prone position in pneumonia 1033
- Bronchiolitis
  - Abnormal surfactant composition 942

- Bronchopulmonary dysplasia
  - Health in early childhood 1385
- Buccal mucosa
  - Biting giving hematemesis 1038
- Caesarean section
  - Elective implications for the newborn 1180
- Cancer
  - Pain in children 623
- Cardiac myxoma
  - Mimicking rheumatic disease 786
- Cardiac surgery
  - Multiple organ dysfunction syndrome 1238
- Cardiomyopathy
  - With myopathy, cataract, and CNS disorder 1293
- Cardiovascular risk factors
  - Socio-economic and psychosocial conditions 866
- Cat scratch disease
  - Antibody response to *Bartonella henselae* 284
- Ceftriaxone
  - Gallbladder pseudolithiasis 1352
- Cerebral palsy
  - Role of perinatal hypoxia 571
- Cerebellar infarction
  - In boys 1163
- Cerebrospinal fluid
  - Age and levels of bipterin and biogenic amines 1344
- Chemoreceptor
  - Ventilatory response to stimulation 563
- Child abuse
  - Diagnosis in head injury 734
- Child care centres
  - Prevention of infections 1113
- Child health
  - Of VLBW infants with BPD 1385
- Child health services
  - Response to early feeding and behaviour problems 1094
- Child rearing
  - Maternal anxiety in Japan 428
- Ciliary defects
  - Ciliary motility at light microscopy 853
- Cholestasis, intrahepatic
  - Urinary bile alcohol profile 1078
- Cholesterol
  - In diet low in saturated fatty acids and cholesterol 505
  - Intra-uterine origin 483
  - Serum level and antiregurgitation formula with bean gum 102
- Cholesteryl ester transfer protein
  - Activity in insulin-dependent diabetes 1067
- Chorea, Sydenham's
  - Cardiac involvement 1074
- Celiac disease
  - Anti-endomysial and anti-smooth muscle antibodies 462
  - In Turner Syndrome 933
  - Prevalence in Down's Syndrome 953
  - Role of nitrite oxide 484
  - Urinary nitric oxide products 528
- Coffin-Lowry Syndrome
  - Cardiac complications 468
- Collagen defects
  - And bone mineral content in osteogenesis imperfecta 1083
- Colonoscopy
  - Audit under general anaesthesia 199
- Complement haemolytic activity
  - In healthy children 1062
- Congenital anomalies
  - Minor in Chinese newborn infants 323
  - Outcome of antenatally detected lung anomalies 454
- Congenital heart disease
  - Parental consanguinity in India 473
